

E102 Environmental Policy

Date Revised: 07-Apr-22
Issue No. 7
Change Note: CN0734

As a responsible, forward-thinking company, Hymid Multi-Shot Ltd will:

- Carry out its business in a manner which is as environmentally sound as possible, in order to meet its responsibilities to customers, employees, neighbours and the natural environment
- Comply with environmental legislation and implement a continual improvement programme to move towards best practices in our industry
- Monitor, measure and strive to reduce and eliminate harmful substances, re-use or re-cycle materials where ever practical, reduce pollution and minimise waste
- Develop, implement and maintain an Environmental Management System, setting objectives and targets, in order to measure our performance and to focus on continual improvement
